	<ul style="list-style-type: none"> • Part 3 of the Children and Families Act 2014, which sets out schools’ responsibilities for pupils with SEND and disabilities. • The Special Educational Needs and Disability Regulations 2014, which set out schools’ responsibilities for education, health and care (EHC) plans, SEND co-ordinators (SENDCOs) and the SEND information report. • The Equality Act 2010 Advice for schools updated May 2014 • The Ofsted Section 5 Inspection Framework September 2019
5	Defining and Identifying the needs of students with SEND
	<p>Special Education Need and Disabilities (SEND): The 2014 SEND Code of Practice defines a child or young person as having SEND if they have a learning difficulty or disability which calls for special educational provision to be made for them. A child of compulsory school age or a young person has a learning difficulty or disability if they have a significantly greater difficulty in learning than the majority of others of the same age or have a disability which prevents or hinders them from making use of educational facilities of a kind generally provided for others of the same age in mainstream schools or mainstream post-16 institutions.</p> <p>Disability: Described in law (the Equality Act 2010) as 'a physical or mental impairment which has a long-term and substantial adverse effect on a person's ability to carry out normal day-to-day activities.' Not all children and young people with a disability have SEND but often there is an overlap.</p> <p>EHCP: Education, Health and Care Plan (EHCP), formally a Statement of Educational Need. A child or young person with an EHCP requires a particularly high level of additional and specific support beyond that of a mainstream student.</p> <p>Higher Needs Funding: “Top Up” funding which schools can apply for to support students with a high level of SENDD needs. If agreed, the cost is provided from funding held by the local authority in their high needs block and the school must use this funding for the identified, individual student.</p> <p>SEND Additional Needs (K): A child or young person defined as SEND Additional Needs must have an identified barrier to their learning which is resulting in them falling significantly behind their peers (in academic terms) or making limited academic progress in relation to their prior attainment.</p> <p>(Please refer to the SEND Information Report 2023-2024 – for additional detail)</p>
